Profile Summary

Motivated Associate Software Engineer with hands-on experience in AI, Machine Learning, Deep Learning and full-stack and mobile app development. Proven ability to build scalable applications and collaborate in team environments. Seeking a **Software/AI/ML Engineering** role to leverage my technical and problem-solving skills.

Core Competencies

- **Programming Languages:** Python, Java, C++, JavaScript, Dart
 - **Database Systems:** MySQL, PostgreSQL
 - **Frameworks & Libraries:** FastAPI, Django, React, Next.js, Flutter, Vue.js
 - **APIs & Tools:** AWS, Azure, REST APIs, Git, Docker, Postman, Jira, Trello, Figma, GitLab, Grafana
 - **Core Computer Science:** Object-Oriented Programming, Data Structures & Algorithms
 - **Machine Learning, AI, DL, Agentic AI:** CNNs, RNNs, TensorFlow, LLM Fine-Tuning, RAG
-

Education

BSc.Eng. (Hons) in Computer Engineering

University of Jaffna, Sri Lanka

Apr 2021 – Nov 2025

Major: Artificial Intelligence, Machine Learning, Deep Learning, Data Mining, Software Engineering

Experience

Associate Software Engineer – Aagee AI (Singapore)

Jan 2026 – Present

- Building scalable cross-platform mobile apps with Flutter for production users
- Designing serverless backends on **AWS & Azure** (Lambda, Cognito, SNS, API Gateway, DynamoDB)
- Developing Agentic AI Solutions

Software Engineer Intern - FocalID Technologies

Feb 2025 – Aug 2025

- Designed, developed and containerized scalable mobile applications using **Flutter**, **FastAPI** and **Docker**, alongside integrating **OpenMetadata** to enhance data observability for machine learning ecosystems.
- Built dynamic dashboard UIs with **Vue.js**, developed full-stack features for the "WSID backoffice" dashboard (**Django**, HTML/CSS) and automated UI testing with **Playwright**.
- Developed the "**Chicago backoffice**" dashboard UI with **Next.js** and integrated it with **FastAPI** endpoints for seamless frontend-backend communication.
- Built interactive AI chat model UI widgets for "**DATAFAB.AI**" using **Next.js** and integrated them with backend services developed in **FastAPI**.

Software Developer – CETEC (Pvt) Ltd (Freelance) | Part-time

May 2025 – Sep 2025

- Designed and implemented a dashboard for a water monitoring project using **Next.js** and **PHP** and **MySQL**.
-

Projects

AssignME - Task Assignment & Management App |

Mobile App (Flutter , AWS Serverless Architecture)

May 2026 - Jul 2026

- Developed a modern, high-performance task management and assignment application built with Flutter and Riverpod, powered by a secure serverless AWS backend (Cognito, Lambda, API Gateway, DynamoDB) with automated device tracking telemetry.

Sinhala Spell Checker and Grammar Checker |

AI (ML – Random Forest , DL – RNN)

Nov 2024 - Jan 2025

- Built a Sinhala Spelling checker using custom LSTM and Levenshtein Distance method. Then created a Sinhala grammar checker using three different approaches such as Rule Based, Random Forest classifier and RNN approaches.

Research Project

Machine Learning - Molecular Characterization Comparison between Breast Cancer, Ovarian, Cervical and Pancreatic Cancers (Random forest , SVM , Naive Bayes)

Feb 2024 – Nov 2025

- Conducted a comprehensive analysis using TCGA datasets (Over 20000 genes handled), Classified cancers using Random forest, SVM, Naïve Bayes to compare the molecular profiles of four cancer types.

Plant Disease Detection Using VGG16 & ResNet50 |

Deep Learning (VGG16 | ResNet50)

Jun 2024 - Jul 2024

- Developed a plant disease detection model with ResNet50 and VGG16, ResNet50 model achieved 90.24% accuracy and demonstrating deep learning applications in agriculture.

Certificates

- Python for Beginners - [University of Moratuwa](#)
- Crash Course: AWS Basics - [KodeKloud](#)
- AI/ML Engineer Stage 1 & Stage 2 – [SLIIT](#)
- Career Essentials in Generative AI by Microsoft and LinkedIn - [LinkedIn Learning](#)

Affiliations and Volunteer Works

Student Member - The Institution of Engineers, Sri Lanka (IESL)
Student Member - IEEE
Volunteer Member, Student Organizing Committee - ICE 2024

Membership Num - S - 30038
Membership Num - 100095616

Leadership Experiences

- Senior Editor - IEEE ComSoc UOJ 2024
- Chess Captain - Engineering Faculty University of Jaffna 2023 - 2024
- Senior Prefect - Royal College Polonnaruwa 2015 - 2018
- Chess Captain - Royal College Polonnaruwa 2016 - 2018

Additional Activities

- YarlExtreme 2024 Hackathon - **2nd runner up**
- < Code storm 2.0 > 2024 Hackathon - **5th place**
- Web Master at Engineering Student Union
- FIDE Rated Chess Player (Peak ELO Rating: 1624)
